

Call for Global Collaboration

We are San Jose Episcopal Day School, an elementary school
in Jacksonville, Florida/ USA.

Our school mascot, José, is a traveling bear. He enjoys roaming the world,
getting to know new places and meeting interesting people.

Visit
Teddy Bears Around the World
<http://www.sjeds.com/blog/teddybear>

The site provides the space to hang out and communicate with different teddy bears around the world to hear more about their lives and adventures.

This will allow our students to see each other's countries, customs and traditions through the eyes of our "teddy bears" and open their horizons through a more global perspective.

The idea is to have an ongoing exchange to contribute stories, photographs or podcasts. These contributions can be from the teddy bears point of view or from the students' point of view telling a story ABOUT their teddy bear.
